

# WATERBIRDS

2006

ISSN: 1524-4695

29(4) 407-524

## ARTICLES

- Testing the Junk-food Hypothesis on Marine Birds: Effects of Prey Type on Growth and Development. *Marc D. Romano, John F. Piatt, and Daniel D. Roby*..... 407-414
- Have Winter Spacing Patterns of Harlequin Ducks Been Partially Shaped by Sexual Selection? *Michael S. Rodway*..... 415-426
- Breeding Ecology and Nesting Habitat Associations of Five Marsh Bird Species in Western New York. *Socheata Lor and Richard A. Malecki* ..... 427-436
- The St. Lawrence River Estuary and Gulf: A stronghold for Barrow's Goldeneyes Wintering in Eastern North America. *Michel Robert and Jean-Pierre L. Savard*..... 437-450
- Different Time and Energy Budgets of Lesser Snow Geese in Rice-Prairies and Coastal Marshes in Southwest Louisiana. *Jón Einer Jónsson and Alan D. Afton* ..... 451-458
- Habitat Use of Waterbirds in Coastal Wetland on Leizhou Peninsula, China. *Fasheng Zou, Qiongfang Yang, Tom Dahmer, Junxing Cai and Wei Zhang*..... 459-464
- Effects of Nest Density, Location, and Timing on Breeding Success of Caspian Terns. *Michelle Antolos, Daniel D. Roby, Donald E. Lyons, Scott K. Anderson and Ken Collis* ..... 465-472
- Foraging Locations of Double-crested Cormorants in the Beaver Archipelago of Northern Lake Michigan: Potential for Impacts on Smallmouth Bass. *Nancy E. Seefelt and James C. Gillingham*..... 473-480
- First Quantitative Comparison of Aggression Between Crèching and Non-Crèching Larid Species. *Aurélien Besnard, Nicolas Sadoul and Jean-Dominique Lebreton* ..... 481-488
- Sexual Size Dimorphism and Mating Pattern in the Painted Stork (*Mycteria leucocephala*). *Abdul Jamil Urfi and Abdul Kalam* ..... 489-496
- Seasonal Timing of Bald Eagle Attendance and Influence on Activity Budgets of Glaucous-winged Gulls in Barkley Sound, British Columbia. *Aija F. White, Joel P. Heath and Brian Gisborne*..... 497-500
- Roof-top Selection by Least Terns in Pinellas County, Florida. *Elizabeth A. Forsy and Monique Borboen-Abrams* ..... 501-506
- Use of Culture-Independent Methods to Compare Bacterial Assemblages on Feathers of Crested and Least Auklets (*Aethia cristatella* and *Aethia pusilla*) with Those of Passerines. *Matthew D. Shawkey, M. Jawaad Hussain, Aaron L. Strong, Julie C. Hagelin, Amy C. Vollmer and Geoffrey E. Hill*..... 507-510
- Sexing Forster's Terns using Morphometric Measurements. *Jill D. Bluso, Joshua T. Ackerman, John Y. Takekawa and Julie L. Yee*..... 511-516
- Index for *Waterbirds* 29 ..... 518-524
